

**SUPER CUT SYSTEM**  
SUPER CUT SYSTEM

All our KOBRA guillotines are equipped with our new "SUPER CUT" system featuring special carbon hardened steel blades unaffected by the wearing action of the materials to cut and, therefore, they provide longlasting cutting operations with the same cutting precision through the years.

Main feature of our KOBRA "SUPER CUT" system is the high quality 65° sharpening of the cutting blades which delivers smooth, accurate and reliable cuts.

The "SUPER CUT" system is a standard feature in the KOBRA guillotine line, from the KOBRA 360-EM up to the professional model KOBRA 550-AP.

"SUPER CUT" system:  
accuracy smoothness and durability.

\* This brochure shows which models are equipped with the "SUPER CUT SYSTEM"

## GUILLOTINES

**Kobra 360-EM**  
**Kobra 430-EM**

- High performances guillotines at an affordable cost
- Manual paper press with a built-in safety guard
- Carbon hardened steel precision blade and counterblade
- Adjustable back gauge
- Solid steel base with screen printed paper sizes in mm and inches

**Kobra 360-A**  
**Kobra 460-A**

- Convenient and easy to use
- Can do almost every cutting job
- Innovative automatic and progressive paper press
- Special transparent Lexan hand safety guard
- Adjustable back gauge
- Carbon hardened steel precision blade and counterblade
- Solid steel base with screen printed paper sizes in mm and inches
- High cutting capacity and extra large cutting width for model KOBRA 460-A

**Kobra 460-AP**

- Same features of model KOBRA 460-A
- Very easy to use
- Equipped with a high precision gear driven front paper bar for perfect paper alignment

**Kobra 550-AP**

- Professional guillotine with largest cutting width
- Easy and convenient to use
- Automatic paper press combined with precision gear driven paper front bar for perfect paper alignment and cutting accuracy
- Special transparent Lexan hand safety guard
- Solid steel base with screen printed paper sizes in mm and inches

## LIGHT DUTY TRIMMERS

**Kobra 320-R**  
**Kobra 460-R**

- Desk-top rotary trimmer
- Equipped with transparent automatic paper press
- Side bars for easy alignment of material to cut
- Solid steel base with screen printed photographic and paper sizes in mm and inches
- Special side openings to cut paper sizes larger than the rated cutting width
- Push-button mechanism for easy and convenient replacement of the cutting blade

**Kobra 1000-R**

- Large size desk top rotary trimmer
- Equipped with transparent automatic paper press
- Side bars for easy alignment of material to cut
- Solid steel base with screen printed paper sizes in mm and inches
- Special side openings to cut paper sizes larger than the rated cutting width
- Built-in housing can accommodate paper rolls
- Push-button mechanism for easy and convenient replacement of the cutting blade

**Kobra 1300-R**

- A0 size rotary trimmer
- Transparent and automatic paper press allows precision cuts of plotter and large size paper
- Side bars for easy alignment of material to cut
- Solid steel base with screen printed paper sizes in mm and inches
- Special side openings to cut paper sizes larger than the rated cutting width
- Built-in housing can accommodate paper rolls
- Push-button mechanism for easy and convenient replacement of the cutting blade
- Available as desk top version or with a dedicated stand

## HEAVY DUTY TRIMMERS

**Kobra 360-HR**  
**Kobra 460-HR**  
**Kobra 640-HR**

- High capacity desk-top heavy duty trimmer: up to 27 sheets at a time
- Sharpened carbon hardened steel blades for longlasting operations
- Equipped with transparent automatic paper press for easy cutting operations
- Side bars for easy alignment of material to cut
- Solid steel base with screen printed photographic and paper sizes in mm and inches
- Special side openings to cut paper sizes larger than the rated cutting width

KOBRA GUILLOTINES ARE DESIGNED FOR ALMOST ANY CUTTING JOB AND FOR A VARIETY OF MATERIALS

KOBRA guillotines are equipped with special longlasting steel blades and counter-blades. All guillotines are delivered with metal (360-EM) or Lexan hand safety guard for maximum safety

CUT IS ACCURATE AND QUICK. CAN BE PERFORMED IN BOTH DIRECTIONS

KOBRA Rotary trimmers can cut paper sizes larger than the rated cutting width through a special side openings

Convenient built-in housing can accommodate paper rolls for easy cutting operations of large sizes of continuous paper (model 1000-R/1300-R)

A special sharpened carbon steel blade allows smooth cutting operations of high thickness of paper
